

Jaron Seijffers

Product Executive | Data-Driven Strategy & Process Transformation

Jaron.Seijffers@gmail.com | 📞 +31623559601 | 🏠 Amstelveen

Professional Summary

Hands on product executive with 10+ years scaling SaaS platforms from 0→1→N, delivering data-driven growth across B2B and B2C markets. Proven in defining bold product visions, leading cross-functional teams, and optimizing funnels and unit economics to drive adoption and retention. Track record of turning business requirements into scalable, customer-centric products adopted by Fortune 500 and SMBs. Experienced in PLG, enterprise sales motions, and mentoring high-performing product teams.

Core Competencies

Product Strategy & Roadmap: Defining vision, market analysis, and GTM execution.

SaaS Growth & PLG: Driving acquisition, activation, retention, and monetization.

Funnel Optimization & Unit Economics: Data-driven improvements to conversion and revenue.

Cross-functional Leadership: Aligning engineering, design, GTM, and executive stakeholders.

Enterprise SaaS Delivery: Building secure, scalable, customer-first platforms.

Team Development: Hiring, mentoring, and scaling product management teams.

Professional Experience

Director of Product | Noogata (AI SaaS, eCommerce)

Dec 2020 – April 2025

- Defined product strategy and roadmap, shifting from raw data delivery to customer-centric insights, increasing enterprise adoption.
- Secured 7-figure renewal with Walmart by scaling an attribute-enrichment pipeline to process 100M+ SKUs annually in BigQuery.
- Launched self-serve AI dashboards that increased weekly active power-users by 50% within 6 months.
- Designed APIs enabling one-click content updates to Amazon, solving adoption barriers and driving sustained engagement.
- Built KPI framework to track accuracy, adoption, and ROI; reported quarterly to executive leadership.
- Mentored PMs and established an internal AI Guild to drive responsible AI governance.

Co-Founder & Head of Product | Spitball (EdTech SaaS)

Sep 2017 – Nov 2020

- Led pivot to SaaS, scaling to \$500K ARR in 12 months through product-led growth.
- Designed onboarding and funnel experiments (20+ A/B tests per month) to optimize acquisition and retention.
- Defined API requirements enabling course creators to integrate content and live sessions.
- Built and coached the product team culture from the ground up.

Director of Growth & Product Strategy | G Tech Media (FinTech SaaS)

2015 – 2017

- Scaled monthly revenue from \$100K to \$1M+ via multi-channel GTM strategy.
- Built in-house CRM and BI dashboards improving ROI by 20% and reducing churn by 20%.
- Launched automated ad funnels driving user acquisition in multiple international markets.

Product Marketing | Markets.com (FinTech SaaS)

2013 – 2015

- Helped launch and market crypto trading features, enabling users to trade Bitcoin and other digital assets on the platform, contributing to early adoption and user growth
- Worked with R&D and trading teams to define crypto trading flows and improve the platform’s user experience for active traders
- Increased customer profitability by 35% through funnel optimization and feature testing
- Using marketing automation to reduce drop-off rates and increase engagement by 30%

Director of Business Development | Markets.com (FinTech SaaS)

2011 – 2013

- Closed \$15 M+ in strategic partnerships across the Benelux, expanding market share and revenue
- Built and managed partner ecosystem to expand market reach and drive regional revenue growth

Director of Sales & Marketing | J.S. Agency (Luxury Fashion)

2004 – 2011

- Managed a portfolio of 400+ clients across the Netherlands, Germany, and Belgium.
- Led seasonal product planning and launches, coordinating with Italian HQ and local retailers.
- Drove business development strategy and brand presence, achieving 6x revenue growth
